

LECHUZA RUSTICO brings Mediterranean lifestyle to balconies and terraces

The advent of spring awakens a longing for far-off places. Most of us though still have a while before it is time for sun, sea and sand. Sweeten the wait with a touch of the Mediterranean on your balcony or terrace. Available from early April in two sizes and five colours, bring a holiday feel to your balcony or terrace with the new RUSTICO.

RUSTICO embodies the Mediterranean lifestyle like no other planter. In white or summery roibos red, RUSTICO adds splashes of colour to your balcony or terrace. Sand beige, graphite black and stone grey are perfect for a southern feel. Made from lightweight, high-quality plastic, the planters are easy to transport and extremely versatile. Fragrant rosemary or lavender feels right at home in the small RUSTICO 21, while a lemon tree or a colourful Bougainvillea looks charmingly lovely in the larger RUSTICO 35.

Following nature's example, the tried and tested LECHUZA sub-irrigation system supplies your plants with all the necessary nutrients and water by means of a 0.8 or 3.7 litre water reservoir. This means your plants won't go thirsty in summer and even when the weather is scorching hot, you can still enjoy their colourful blooms. The removable drain plug protects from waterlogging on balconies in heavy rain.

Available in sand beige, graphite black, stone grey, white and rooibos red as an All-in-One Set from early April, LECHUZA RUSTICO Color consists of a planter, watering set with water level indicator and LECHUZA-PON plant substrate.

RUSTICO Color 21 (ØxH): 25 x 20 centimetres; 0.8 litre water reservoir

RUSTICO Color 35 (ØxH): 39 x 32 centimetres; 3.7 litre water reservoir
