# Straightforward and stylish – CANTO Premium

Last season's bestseller, CANTO with its straightforward design, is now available in a high-quality, high-gloss finish. CANTO Premium, a modern design element, fits into any home decor scheme and can be used flexible – be it as a cube or column.

CANTO Premium is available in seven colors and complements the existing range perfectly with its edgy design. Thanks to their modern styling and high-gloss finish, the cube and column are in perfect harmony together with the other planters in the collection. Combine them with CUBICO or CUBE to individually customize and stylishly add an element of flair to large spaces by using the same planter system.

The integrated LECHUZA sub-irrigation system, which includes a water reservoir of up to seven liters (1.8 gal), provides plants with an optimal water supply. Since the color neutral planter liner has practical recessed handles and identical internal dimensions, plants can be moved between the cubes and columns. This makes it quick and easy to redecorate or change the plant arrangement around. Both designs can be paired with an optional coaster that sits underneath the planter and is invisible once in place. CANTO therefore remains mobile and adds a modern architectural flair to your home.

CANTO is available from mid-January 2018 as an All-in-One set including planter, planter liner, water level indicator and plant substrate LECHUZA-PON. CANTO is available in the high-gloss colors white, black, taupe, scarlet red and in charcoal metallic, silver metallic and espresso metallic.

CANTO Premium 40 Cube-shaped planter

(W x D x H): 40 x 40 x 40 cm (16 x 16 x 16 inches); 7l (1.8 gal) water reservoir

CANTO Premium 40 Column planter

(W x D x H): 40 x 40 x 76 cm (16 x 16 x 30 inches); 7l (1.8 gal) water reservoir
